

## Quick Summary:

- This data is from 2020 - June 2022, looking at patients from Garland County and some surrounding zip codes.
- CARTI accounts for 49.8% of the radiation therapy **claims** made by Garland County patients...
- But only 14% of the **patients** from Garland county receiving radiation therapy are going to CARTI.
- CARTI seems to be retaining the patients that do end up leaving Garland County (Claims per Patient: ~34 with CARTI providers vs ~6 on average anywhere else).

## New Numbers:

	Claim Count	Patient Count	Claims per Patient
Visit to CARTI	774	20 / 23	33.7
Visit to provider, not CARTI	780	140	5.57
Visit to any provider	1554	163	9.53

## Populations (Garland County and Surrounding Zips):

Total	MSSP	CHI Health Plan	ACH	EngageMED
10,309	9,450	667	142	93

**Note:** These are populations who have filed at least one claim, not the entire population.

## Previous Numbers:

	Claim Count	Patient Count (Primary Diagnosis)	Claims per Patient
Visit to CARTI	513	17	30.2
Visit to provider, not CARTI	316	8	39.5
Visit to any provider	829	25	33.2

**Note:** Yellow column was previously uncalculated due to low numbers of patients.
